Merchants Information Solutions Adds Two Well-Known Valley Business Leaders to Board of Directors

Al Frei and Jack Milligan Bring Decades of Business Experience and Expertise with Major Companies

PHOENIX, Arizona (April 9, 2007.) — Merchants Information Solutions has added two members to its Board of Directors who are both well-known in the community and have a great deal of experience that will help guide the company into the future.

Al Frei and Jack Milligan have been elected to the Board of the 95-year-old company.

Frei has spent his entire professional career in a financial management role — most notably as Senior Vice President of Finance and Chief Financial Officer for America West Airlines.

He currently serves as a Board Member for Swift Transportation, and recently retired from Autom Church Supply Company in Phoenix where he served as Chief Operating Officer. Merchants will tap Frei's expertise in finance and business planning to help the company's overall strategic planning efforts.

Milligan is a 35-year veteran of the human resources industry and will provide valuable input for Merchants' background screening and pre-employment services product offerings. He is currently a partner in Leathers Milligan & Associates, a local business consulting firm.

Milligan spent almost 20 years with ITT Corporation fulfilling assignments all over the globe including managing one of their technology divisions. He also served as the Corporate Vice President of Human Resources for Transtechnology Corporation, a New York Stock Exchange-listed, Fortune 200 conglomerate. Milligan is a past president of Valley of the Sun Human Resources Association and is a current Director of the Arizona State Council of SHRM.

"We are very excited to add two experienced, qualified professionals of the caliber of Al and Jack to our Board of Directors," said Russ Johnson, President and CEO of Merchants. "These two gentlemen are not only well known and involved in our community, but the wealth of experience they have in significant business ventures will be of great assistance as we build the company and plan for the future."
