Employment screeners merge

Phoenix-based Merchants Information Solutions Inc. has acquired Mesa-based Personnel Profiles Employment Screening Inc.

Merchants has been in business since 1912 and is a privately held company with more than 2,600 business clients for its consumer and business credit-information services that focus on corporate risk reduction.

Personnel Profiles provides pre-employment screening to employers in Arizona and across the United States and Canada. The company's screening platform and background checks are reviewed by licensed private investigators for the same price as regular background reports.

"We are excited about the Merchants/Personnel Profile combination because it allows us to be a prominent leader in pre-employment background screening services," Russ Johnson, president and CEO of Merchants Information Solutions, said in a statement.
